1. Sarthak Vijayvargiya was awarded Rajasthan Govt. sponsorship scheme "Startup Exposure Program" - 10 days tour in India (2018-19)

2. Harshita Gupta was awarded Rajasthan Govt. sponsorship scheme "Startup Exposure Program" - Silicon Vally US Tour (2018-19)

Please refer to Team code 20 on the following link of event website to check the names of selected students from JKLU:

https://istart.rajasthan.gov.in/Startup-Students

Student Startup
Exposure Program

Sarthak Vijaivergia , B.Tech (CSE) Student at JKLU Jaipur and finalist of Student startup exposure program, an innovative initiative by Government of Rajasthan Department of IT and Communications in which top 20 students were selected and given a 10-day tour to Delhi, Bangalore, Mumbai, Hyderabad.

Their tour started on 26th September ,2018 and they visited various places like ISB Hyderabad, IIT Delhi, Adobe, Google, AWS and many more places.

This program is initiated so that students can get a good exposure, and which could help them to start their own startups. They have pitched up their ideas in fronts of angel's investors and CEO of some unicorn listed startups and get feedback, have interacted with many startups like **Sattviko**, **4 pm Bar** followed by talk on renewable energy. They learnt about Blockchain the disruptive technology with CTO Avinash Pitti and CEO Abhishek Pitti of **Nucleus Vision**.

Sitting in **Infosys's** 'The Boardroom', marvelling at the campus and ideas at **IIT D-FTII** inside out, taking umpteen selfies with the **Uber cool** DoITC officials and mentors, discussing with greatest minds behind cutting-edge technologies in **Adobe**, absorbing the vibe at **co-working spaces** and pitching at **Innov8** and **Startup Tunnel** to celebrating happiness at **Coca-Cola** factory and learning the functionalities of Humongous **Big basket warehouse**. They have done it all and much more.

They learnt concepts of marketing, logistics, leadership etc. being first hand implemented by the Giants of business-like Mercedes Benz, Google. University welcome the innovative ideas of students and help them to excel well in their venture.

METU NCC Sustainable Environment and Energy Systems Graduate Program, which has been established as a unique academic program in the Middle East to serve the most critical needs of our globe in the 21st century, annually hosts the **Green Brain of the Year Contest for university students**. Green Brain Contest has been devised to increase and enhance the global awareness of the *Vital Triad*: *Sustainable Environment, Sustainable Energy*, and *Sustainable Water Resources*.

The competitors form a team of two, conceptualize an original project to tackle a sustainability problem in support of the Vital Triad, perform a feasibility analysis, and submit their work in an essay of two thousand words in English with three to six figures. From both high school and university applications, 254 projects received electronically from 31 different countries this year were evaluated by a jury panel based on:

Problem Relevance to Sustainability,

      i.   Problem Relevance to Sustainability,
      ii.   Originality, Feasibility, and Impact of Concept Solution,
      iii.   Verification of Feasibility through Analysis or Experimentation,
      iv.   Quality of Writing and Illustrations.

The project named "**Waste Water Treatment using Fresnel Lens and Scope of Small Scale Electricity Production from Waste Water**" from **JK Lakshmipat University, India** by **Arsalan Obaidi and Gaurav Suthar** has been placed on the Green Brain finalist list. We would like to thank them for submitting their project to the Green Brain Contest 2015, and hope they continue contributing ideas for our sustainable future.
