

Report of Workshop on "Highlights of New Education Policy" July 9, 2019

A workshop on Highlights of New Education Policy its context was conducted on July 9, 2019 by Dr. Sanjay Goel, Director, Institute of Technology. He shared some possible changes like Semester system in schools, no board exam in 10th or removal of 10+2+3 scheme, more choices to students at all levels of education, no affiliating university or college. He highlighted projection of Research universities each having good number of students working in multi-disciplinary areas which was mentioned as Type I projection. Type II projection would be teaching universities which are also involved in research and Type III projection is to have autonomous colleges. He also discussed mention of proposal of forming regulatory bodies and New Research funding agency like NRF.

Report of workshop on “Robotics and Industrial Automation”

August 03, 2019

A workshop on Robotics and Industrial Automation was held on August 03, 2019 at JK LakshmiPat University Jaipur. The workshop was conducted by Dr. Mohd Zubair, Assistant Professor, Mechanical Engineering for the faculty members of Institute of Engineering and Technology.

The Robot industry is fast reaching its pinnacle, and there is a rapidly multiplying opportunity in construction, industrial, military and office robots. The journey of Robotics-learning starts with basic design and control. The workshop started with an explanation about what a robot is, how a human is better than a robot, the parameters to be considered for designing any robot and the difference between microcontrollers and development board.

In the first session, Dr. Zubair explained about the basics of Robotics, how to choose the components for different robots, and explained about the ARDUINO board and the components required for a basic robot. The second session of the workshop was on designing the simplest autonomous robot, i.e. Line follower.

The workshop received an excellent feedback from the participants.

Report of Workshop on “Canvas” August 17, 2019

A hands-on workshop “CANVAS” was conducted by Dr. Gustavo Sanchez, Professor, Electrical and Electronics Engineering at JK LakshmiPat University Jaipur on August 17, 2019.

Participants get an overview of Canvas' layout and navigation. In addition, participants also learn how to add materials to a course, create and grade Assignments, and create quizzes.

In the workshop, the main focus was on the following points:

Canvas Basics:

- The basic navigational links/course menu items in a blank course shell
- How to make a course published to students
- How to create a Discussion
- How to create an Assignment

Canvas Quizzes:

- How to edit test options (Number of attempts, timer, forced completion, display dates, due dates, and results)
- How to randomize questions for tests
- How to create a rubric (changing criteria and levels of achievement to match desired outcomes) and make it available

He started the workshop with overview of canvas features. The workshop was very helpful to the faculty members understand the detailed process.

Workshop on “Sustainable Infrastructure” September 07, 2019

A workshop on “Sustainable infrastructure” was held on September 07, 2019 at JK LakshmiPat University Jaipur. The workshop was conducted by Dr. D K Sharma, Professor, Civil Engineering and Mr. Vinod Vishwakarma, Assistant Professor, Civil Engineering for the faculty members of Civil, Mechanical, Chemical and Electrical & Electronics Engineering. The workshop was conducted for the faculty members for Institute of Engineering and Technology.

The following key points were covered in the workshop:

- Design and implementation of green infrastructure initiatives
- Integrating green infrastructure in spatial planning, policy and strategy development at regional/national levels
- Costs and benefits of sustainable infrastructure
- Financing sustainable infrastructure projects and initiatives
- Policy tools and instruments for sustainable framework
- Identifying indicators of sustainable infrastructure

The workshop received an excellent feedback from the participants. The participants were provided with Certificate of participation.

Report of Hands-on training of TCS iON LX module Sept. 18, 2019

A hands-on training programme on “TCS iON LX module” was conducted by Prof. Devendra Bhavsar, Assistant Professor, Computer Science and Engineering at JK LakshmiPat University Jaipur on 18 Sept. 2020.

In hands-on training programme, the main focus was on following points:

- Create a master course – “Course Template”
- Create table of contents of the course
- Upload contents against the syllabus in multiple formats including PDF, video, audio etc.
- Schedule delivery of each of the lessons planned in the syllabus
- Create Course Batch
- Plan and schedule assessments and assignments initially itself and deliver as per schedule
- Build pre-requisites for the course
- Create a course calendar and share with all your students so they are aware of class and activity schedules

He started the training with overview of TCSiON features. The training programme was very helpful to the faculty members understand the detailed process.

Report of workshop on “Green buildings” November 19, 2019

A workshop on Green buildings was held on November 19, 2019 at JK LakshmiPat University Jaipur. The workshop was conducted by Dr. D K Sharma, Professor, Civil Engineering and Dr. Kedar Sharma, Associate Professor, Civil Engineering for the faculty members of Civil, Mechanical, Chemical and Electrical & Electronics Engineering departments.

The Green Building Concept is gaining major importance in India, considering the tremendous benefits that it offers. A green building is one which uses less water, optimises energy efficiency, conserves natural resources, generates less waste and provides healthier spaces for occupants, as compared to a conventional building.

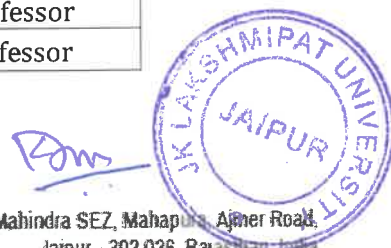

The following key points were covered in the workshop:

- Green Building Design Strategies
- Operations and management of green buildings
- Integrative design planning and strategies for high performance buildings
- Green Building Case Studies

The workshop received an excellent feedback from the participants.

Report of Workshop on “How to design question paper” December 07, 2019

A workshop on “How to design question paper” was held on December 07, 2019 at JK LakshmiPat University Jaipur. The workshop was conducted by Dr. Sanjay Goel, Director, Institute of Engineering and Technology for the faculty members of University.

High quality of question papers is a hallmark of any great university. He focused on set up the question papers such that the faculty members can confidently and directly assess the attainment level of the planned and relevant Learning Outcomes through the questions asked in examination.

He focused to completely avoid rote-learning based questions, and minimise the questions that require direct and straightforward application of any single concept or memorised procedure. Questions involving analysis, design, and/or evaluation of tricky/complex situations/ solutions through deeper thinking and integration of multiple concepts are encouraged.

Prof. Goel also stressed to conduct the Open book and Open note exams. He explained in detail to take the extra care in designing the question paper for the such exams. There should not be any question directly from the book or class notes. The questions should require critical thinking about the subject matter and/or some creativity to handle some unfamiliar and perhaps even complex situation.

At last he stressed to include some practice questions in your courses so that the students are not shocked by the level of your questions in the exam. He also suggested to mention the relevant LO number for each question.

The participants thoroughly enjoyed the workshop and expressed their interest to attend such informative workshop in future as well.

Report of workshop on Virtual Lab April 18, 2020

JKLU organized a online workshop on Virtual Lab. The resource person were Dr. Devika kataria, Associate Professor-EEE and Dr. Ravi Shankar Prasad, Associate Professor-ME dated April 18, 2020 for lab staff of University. The training program was focused on:

- To familiar with virtual lab
- To perform the experiments
- To analyse the result of experiment
- To access the quiz on experiment
- To prepare the lab file
- Evalaution steps

Virtual lab provides complete learning management system tools, web-resources, video-lectures, animated demonstration and self evaluation.

During the workshop, the hands on session for performing the experiments was held.

At the end of workshop Dr Sanjay Goel, Director-IET, JKLU emphasized on the significance and importance of ICT based tools in the teaching-learning process. He stressed upon the faculty members and lab staff to get acquainted with Virtual Labs and improve their experimental skills virtually during the pandemic.

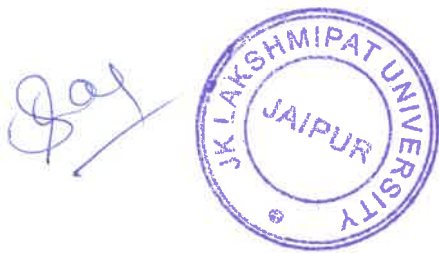

The participants thoroughly involved in the workshop all the time with full devotion.
